SOFT SKILLS

Adaptability, Collaboration,
Critical Thinking, Meticulous,
Integrator not Assimilator

90 WPM Typing Speed

AWARDS

Health Tech Track HackMIT
Winner MAR 2020

SAP Analytics Cloud Hackathon
Winner MAR 2019

Smart India Hackathon Special
Mention MAR 2019

MLH / Local Hack Day Best Hack
of the Day DEC 2018

PROJECTS

YoutubeNLP — youtubenlp.com (github.com/YouTubeNLP/Backend)

Operated as a backend lead for youtubenlp.com (Youtube Analytics Dashboard to assess Micro and Macro trends). Developed a production level server in asynchronous python architecture in flask using univorn, gunicorn, docker and deployed to IBM cloud.

Nosh — repl.it/talk/challenge/nosh/51572

A data flow paradigm programming language made with Node.js inspired from python syntax, clojure functional approach and bash piping made for Repl.it Lang-Jam competition.

Digital Clock — pandevim.github.io/digital-clock

A digital clock made with HTML5, CSS3 and ES6 JS.

Vipra — behance.net/gallery/102449021/Vipra

Research and design for a Pandit booking android application.

SME Survey Form — sme-survey-form.web.app

Progressive Survey Form built on React, Node, Express(Server), Axios (Request), Firebase Functions & Google APIs like Authentication and Spreadsheet for my university Faculty Research, to collect user data.

Kumbhakarna — ca4-certificate.herokuapp.com/downloads

Extract data from Google Sheets using App Script, generate PDF Certificates using Photoshop and Extendscript, send Certificates via Gmail Client and Drive API, host certificates online on heroku in a Postgres DB using Clojure server.

VOLUNTEERING

Team Digantara, Student Satellite Space Initiative — *Systems and Operations Engineer*

SEP 2017 - PRESENT

My field of work involves testing and scheduling research under Onboard Computing Dept., developing Real Time OS, etc.

CYPHER, Honor Society for Competitive Programming Discipline — *Problem Setter, Analyst and Tester*

NOV 2017 - PRESENT

Conducting monthly programming competitions on online judges like CodeChef, annual coding contest fraternity Code Apocalypse and Raid.
